Title of Reading Selection: Are we too dependent on Technology?

Summary

Direction: Write a one-paragraph (approximately 10 sentences) summary of the reading selection. It should include the title of the reading selection, the author's name, author's thesis, and supporting points.

Terry Brown, an experience product manager and marketing professional in technologies, wrote an article on March 31, 2020. It was about the usage of technology in the modern age and he titled it "Are we too dependent on technology?". According to his article, humans became too dependent to technology, not just the generation of this age but also for those who experienced using it. Like himself, Terry brown also share his experience and how he became dependent to technology. The article also contains a lot of supporting details such as the study by the Researchers of University College of London wherein they claim that when we use technology for manageable tasks, it hinders the development of our cognitive skills. According to him, technology is the greatest enabler of the modern age, resulting in efficiency and less prone to errors. That's why his article also tackles about the use of AI and Robotics. Terry brown tells that the less we use our brains, the weaker they become. He also wrote removing that technology is going to be hard, because it became too ingrained in our lives.

Response

Direction: Write a one-paragraph (approximately 10 sentences) response to the reading selection. It should include your reaction to the author's thesis, and assessment of author's achievement of the text's purpose, clarity, and objectivity.

After reading the article "Are we too dependent to technology?", I also agree that we became too dependent coming from a student like me, who relies to technology which is Ai when it come too hard activities.
